

## Freelance photography price guide

As with every assignment, the client's requirements are different. I prefer to give a customised quote for each job, as opposed to quoting a flat rate which could be misleading. Exact figures depend on factors such as:

- How many hours the shoot will last
- Travel and/or accommodation prices
- Cost of hiring models/props/equipment etc
- Cost of specialist insurance
- Cost of using second photographer/assistant

My service include as standard;

- Professional camera bodies, lenses and equipment, including back-up cameras
- Mobile studio lighting and back-drops etc
- Images shot as both RAW and JPEG files
- Images will be digitally edited for optimum quality

### Rates

Below are rates for time only. Travelling expenses will be charged outside Nottinghamshire at .40p per mile.

Hourly rate - first hour £80 then £50 for every subsequent hour.

Full Day (7 hours) £410

Half Day (4 hours) £320

Second photographer/assistant - £25 per hour
